

Certificate of Sponsorship 2025

**LAND
OF
HOPE** united
against
superstition

Dear Sponsor,

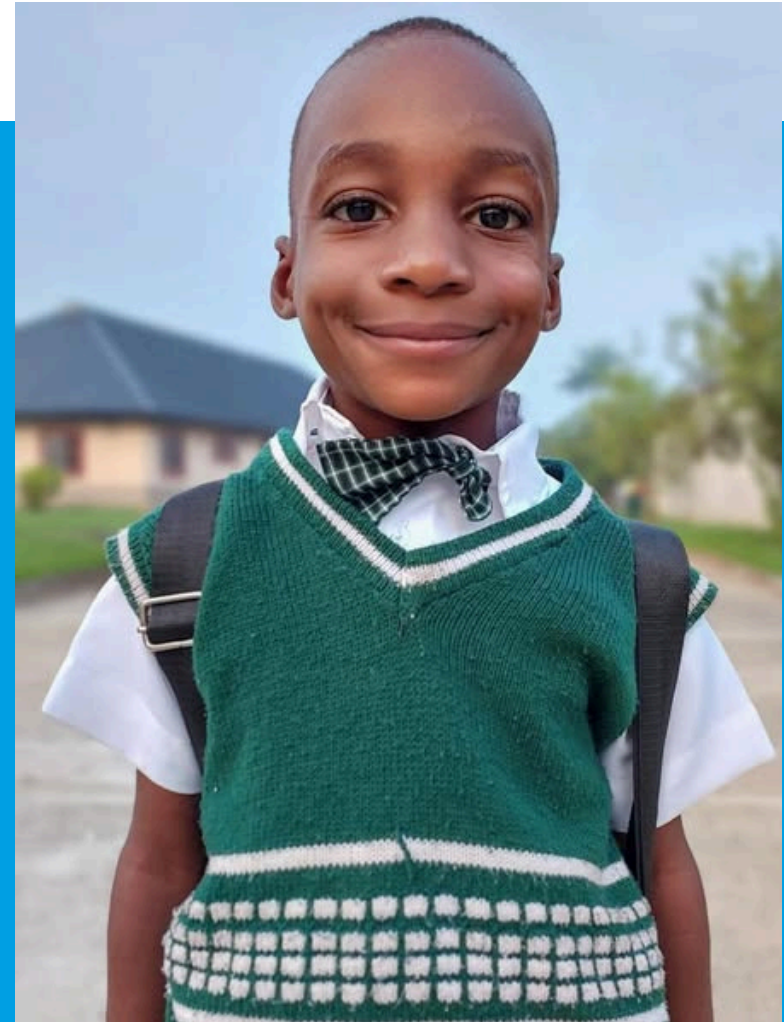

Thank you for supporting Land of Hope.

With your help, we can continue our fight for children's rights in Nigeria. Every year superstition kills thousands of innocent children. We are here to ensure their **survival, development, and well-being**.

Endowed with knowledge - and patience - as our superpowers, we educate some of the world's poorest communities about children's rights. While at the same time we show them that their children are not possessed by demons or witchcraft. This helps to raise the overall level of education in the communities.

Slowly but surely, we will overcome superstition - and ultimately save thousands of children's lives.

Your trust and support make a significant difference in the world.
